Re: Rusty Messer
October 24, 2015 Election

Dear Sir or Ma'am:

I am writing to advise that I dispute the assessment for failure to timely file a Supplemental Report on February 23, 2016. A final report was filed on November 6, 2015. My campaign did not have any income or expense after that date. As there was no change in the report from one period to the next, there should be no fine for failure to timely file the report.

I appreciate your attention to this matter. Please contact me should you have any questions or need any additional information.

With kindest regards, I remain

Sincerely,

Rusty M. Messer
